SFS Provides Insights Into Business Areas at Investor Day

The Group Executive Board will provide an in-depth look at the activities of the three segments Engineered Components, Fastening Systems and Distribution & Logistics at the Investor Day on September 17, 2026. The event provides investors with detailed information on the SFS Group's strategy, technologies and applications as well as current developments. As announced in the Half-Year Report 2026, expectations regarding SFS's business performance in the current year remain unchanged.

An Investor Day is held every two years and is aimed at investors, analysts and the financial media. At the event, Jens Breu, CEO of the SFS Group, and other members of the Group Executive Board will report on the business areas as well as their most important progress and innovations. A factory tour and product displays are also part of the program. The event offers the financial market an opportunity to get to know the strategy of the SFS Group first-hand.

On Wednesday, September 2, 2026, SFS successfully issued a seven-year bond with a volume of CHF 250 million at an interest rate of 1.2%. SFS received very good credit ratings of "A-/stable" (ZKB and fedafin) and "BBB+" (UBS) in advance of the issue. At the Investor Day, CFO Volker Dostmann will provide in-depth information on the bond's successful placement and answer questions.

SFS confirms its outlook for the 2026 financial year and continues to expect sales growth in local currencies, including consolidation effects, of 3–6% and an adjusted EBIT margin of 12–15%.

About the SFS Group
SFS is a worldwide leading company for application-critical precision components and assemblies, mechanical fastening systems, quality tools and procurement solutions. The SFS Group operates in the three segments Engineered Components (EC), Fastening Systems (FS) and Distribution & Logistics (D&L), which represent the company's different business models. In the EC segment, the SFS Group acts as development and manufacturing partner for customer-specific precision components, assemblies and fastening solutions, serving customers in the automotive, electronics and medical device industries, as well as in the aerospace sector and in industrial manufacturing. The FS segment develops, manufactures and markets application-specific mechanical fastening systems for the construction industry. In the D&L segment, the SFS Group is one of the leading system partners in the areas of quality tools, fasteners and other C-parts as well as procurement solutions for customers in industrial manufacturing. The SFS Group operates 150 manufacturing and distribution sites in 35 countries in Asia, Europe and North America. It generated sales of CHF 3,056.6 million in the 2025 financial year with a workforce of approximately 13,600 (FTEs) around the world.
